

THE BIG QUESTION

WHO NEEDS OUR SUPPORT THE MOST?

What type of people might need our support? What support might they need? What can people do to help?

Our Core Value Champion

Mila Kunis is an American actress. She was born in 1983 in Ukraine, but moved to the USA on a religious-refugee visa when she was just 7 and was raised in Los Angeles. Her family were only able to bring \$250 with them and couldn't speak English. She looked, dressed and sounded differently from her peers, so Kunis' parents decided to put her in acting classes to help with the language and culture barriers. A decision that helped start her love for acting and her professional career.

In 2022, Mila Kunis and her husband, actor Ashton Kutcher,

started a Gofundme page to help two online companies (Airbnb and Flexport) to aid refugees fleeing the violence of Russia's invasion of Ukraine. They exceeded their \$30 million dollar goal as of March 18, 2022. The couple promised to donate \$3 million of their own money to the cause and Kunis said she has never been more proud to be from

Ukraine. She has previously said that her experiences did not fit into the stereotypes of refugees and anti-refugee rhetoric that she has heard in the media
