

Where in the world am I?

Please choose one of these three choices. You can bring in anything you would like to show the class in the last week of Spring term. Between the 4th and 8th of April.

Choice 1

Design and make your own map. This could be on paper or on your ipad. Your map could be of a made up place or the area of Coventry you live. It could even be your walk to school! Make sure you include a key like the example below.

Choice 2

Choose a physical (natural) or human (man-made) feature in London. This could be the River Thames or Big Ben or anything else. Make a piece of artwork or model showing this feature.

Choice 3

Research one of the countries in the UK and make your own fact file about it. Try and include 5 interesting facts and some pictures of photos about the country.
