

Romans: Invade and Conquer

This term we will be learning all about The Romans. Each week, the children will explore a different aspect of our theme. Throughout the term the children will learn all about life in Ancient Rome and how the Roman Empire expanded. We will also learn about the Roman's invasion of the United Kingdom and how they have impacted on our lives today. We know that the first Romans came from Rome, a city next to the river Tiber in modern day Italy.

The Romans and Their Invasion of Britain!

Augustus Caesar became the first Emperor of Rome in 27 BC. Subsequent Emperors (such as Nero, Claudius and Vespasian) conquered massive areas of land. The Roman Empire was at its largest under Emperor Trajan (AD 98 to AD 117), when he reigned over land which today makes up 40 different countries, from the Mediterranean Sea to parts of Great Britain! This meant that Roman influence stretched far and wide across Europe.

It is for this reason that aspects of Roman life are still visible in Britain today (the Roman baths in Bath, Hadrian's Wall etc.)!

We would love you to wow us with your homework projects - I wonder who will be able to complete Gold!

1**GOLD**

Make a 3D model of a Roman British Villa or Roman British Baths. Can you include a description of the different elements?

2**SILVER**

Create a fact-file all about a Julius Caesar or Emperor Claudius. You could even make a 'Top Trumps' card about them.

3**BRONZE**

Draw/design a model of Boudicca. You could include her chariot and some Iceni warriors!
