In all Triumph Trust schools, we will empower our learners to develop resilience and the confidence to communicate well and achieve high academic standards.

We challenge even the highest performing schools – can you make pedagogy, leadership, pupil standards, recruitment of great staff and financial capacity, better by staying on your own or joining our high performing Trust?

Through support for governance we ensure that leadership at all levels drives improvement.

Triumph Trust provides opportunities for teachers and support staff to share good practice and to benefit from a common professional development programme that adds real value to the education and outcomes of all the pupils across the Trust.

We invest in our staff team so that we retain, sustain and grow them, they want to work in our schools and our retention is high. They believe in our vision and values, knowing that we expect the very best from each and every one of them, our innovative approach to professional growth places staff and research at the heart of learning, ensuring that we are always reflecting on our practice and enhancing it further.

Collaboration and shared staffing and recruitment opportunities are a major bonus. We have a small central team with expertise in finance, business and efficiency that all schools contribute to, ensuring that the maximum funds are available to children and their education. If you would like to be able to do even more for your children and your community we believe that deepened collaboration between staff at all levels can ensure:

- Every school has a curriculum that excites, innovates so that learners attend.
- Greater resource flexibility, sharing expertise across the trust to maximise value for money.
- The ability to maintain a rigorous focus on teaching and learning staff who want to come and work at our schools because of the CPD offer they will receive, developing their talents, enabling them to grow in confidence as practitioners.
- Our innovative and dynamic 11B411 entitlement ensures that all pupils across Triumph Trust benefit from rich experiences and opportunities that grow them personally and academically whilst each school retains its own personalise curriculum

In all Triumph Trust schools, we will empower our learners to develop resilience and the confidence to communicate well and achieve high academic standards and make substantial progress.

What We Do Well

We believe in a Trust of equals. We are committed to an ongoing journey of discovery and development that we believe will help us to continually test and challenge ourselves and, consequently, continually enhance our offer to families and young people. We challenge ourselves to find the best practice in education.

We visit schools, we forge networks, we look at research and use it to provide ongoing learning and development opportunities for leaders and for leadership teams, encouraging staff to explore, innovate and create.

The benefits of working in partnership with Triumph Trust enables us to share expertise and best practices between and amongst our schools in order to provide our pupils with the very best learning opportunities and identify economies of scale in order to benefit from shared service provision.
