Our aims this year

Our School Improvement Plan 2025–2026

Helping everyone feel welcome, connected, and successful

Priority 1 - Closing the Gap – We want every child, especially those who may face extra challenges, to achieve their very best.

Priority 2 - Great Teaching for Every Child – Our teachers will keep developing their skills so they can teach in the best ways possible, adapting to the needs of each and every child.

Priority 3 - Improving Attendance – We'll work closely with children and families to tackle the real reasons behind absence and help every child attend school regularly and happily.

Priority 4 - Valuing Everyone – We want every member of our school community—children, parents, and staff—to feel respected, supported, and proud to be part of our school.

"A little progress each day adds up to big results – getting it right for everyone!"

Reading – 5 x week

Well done to our
reading champions

Why is reading at home so important?

Children with access to 25 books at home complete an average of 2 more years of school than children from homes without any books.

Reading is a critical skill for succeeding in most school subjects.

A child spends 900 hours a year in school and 7800 hours at home.

Research shows that just 20 minutes a day spent reading with a child helps them develop critical reading skills.

Kids 4-5 years old gain 6 months of reading ability by being read to 3 to 5 times per week.

Practise makes perfect

Read a section first and practise thinking about pitch and intonation. Add in actions like gasping or looking frightened.

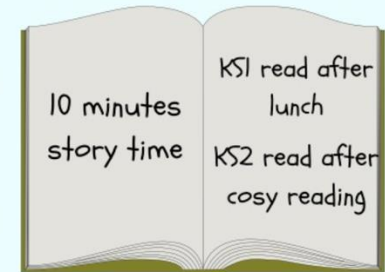

Storytelling tips

Engagement

Find parts that children can join in with like repetitive phrases or showing their responses to something eg. something shocking.

Skipping sections

In longer stories, you may decide to skip sections. Just give a summary of what has been missed.
